about

John D. Dingell VA Medical Center, Detroit

Since 1939, this VA facility has been improving the health of the men and women who have so proudly served our nation. In 1996, the medical center moved from its original location in Allen Park, Michigan to the current location in Detroit. The John D. Dingell VA Medical Center is among the newest VA facilities in the country. It's our privilege to serve the health care needs of our area Veterans. Services are available to more than 330,000 Veterans living in Wayne, Oakland, Macomb and St. Clair counties. This population represents approximately 44 percent of the Veteran population of the lower peninsula of Michigan.

Fast Facts

The John D. Dingell VA Medical Center, Detroit, has more than 1,800 employees and 1,600 volunteers who provide care to more than 50,000 Veterans each year.

Through affiliations with a variety of colleges and universities in southeast Michigan and beyond, we provide educational opportunities to more than 1,000 students and 80 medical residents each year.

Our nationally recognized research programs include both clinical and laboratory projects that result in new knowledge and tools that improve the care we deliver to Veterans.

Nationally, the VA is the largest healthcare organization in the world.

Our state of the art medical center provides a comprehensive array of inpatient and outpatient programs and services to meet the unique needs of our Veterans.
